 - Managing the affects of integrity on the CFI scheme
 - Methodologies to identify and manage leakage, measurements, monitoring and reporting
- Beth McLachlan, Manager – Service Growth Unit, EPA Victoria**

3:00 Afternoon Tea and Networking

2:45 **Investigating RailCorp's environmental platform**

- CASE STUDY**
- Integrating environmental compliance across your organisation
 - Ensuring a harmonious regulatory environment
 - Untangling the link between environment and government risk methodology
- Chris Collier, General Manager Environment, RailCorp**

4:15 **Developing business continuity and risk responses within your environmental policy**

- Developing sound business continuity strategies
 - Understanding the risks inherent in environmental compliance
 - Identifying your profit/loss weak spots and developing solutions
- Dr Ulysses Chioatto, Facilitator, Responsible Officers & Managers Forum**

5:00 Closing remarks from the Chair

5:05 Close of conference

POST-CONFERENCE WORKSHOP DAY - 29th June 2011

WORKSHOP A:

9:00 - 12:30

How to prevent profit loss by rethinking your environmental risk strategy

This interactive workshop examines environmental compliance from a risk management perspective. Dr Hajinakitas looks outside the box, examining how environmental compliance is not just policy, it's about the mindset of your workforce. In this comprehensive workshop you will learn to:

- Develop a new regime of risk thinking
- Understand adaptive reasoning and how it affects your environmental management approach
- Expand your business by looking beyond policy and compliance to achieve environmental management objectives

Facilitated by:
Dr Jason Hajinakitas, National HSE Manager, Boral Building Products

(Lunch is provided to those delegates attending both Workshops)

WORKSHOP B:

1:30 - 5:00

How to conduct efficient environmental risk assessments

This in-depth interactive workshop provides cost-effective tools and techniques to ensure attendees develop an effective risk assessment policy for their organisation. Attendees of this will workshop will learn how to:

- Understand environmental auditing metrics
- Conduct compliance assessments
- Develop effective mitigation strategies to reduce exposure to non-compliance penalties
- Develop usable reporting methodologies to satisfy third parties

Facilitated by:
Dr Ulysses Chioatto, Facilitator, Responsible Officers & Managers Forum
